Sailboat Retrospective Meeting

Generated by Hypercontext.com

The ⛵ Sailboat Retro is a collaborative and fun way to reflect on the sprint with the whole team. Based on your discussion you not only leave with a better reflection on what just happened, but also how to make it better next sprint. 🏝️ THE ISLAND

- [ ] Reminder of Sprint Goals (If needed: https://hypercontext.com/goal-examples)

Summary:

Next Steps:

🌬️ WIND - WHAT HELPED US ACHIEVE OUR GOALS?

- [ ] Wind Example: When we updated our framework there were a few new functions that allo w us to do more, faster.

Summary:

Next Steps:

☀️ THE SUN - WHAT MADE YOU FEEL GOOD/HAPPY DURING WORK?

- [ ] Sun Example: When the bug popped up we all solved it together. Made me feel like we're a great team.

Summary:

Next Steps:

⚓ ANCHORS - WHAT SLOWED US DOWN OR HELD US BACK?

- [ ] Anchor Example: We didn't confirm our plans with all stakeholders before starting work. T his made us underestimate what was involved and means we need to start again.

Summary:

Next Steps:

🪨 THE ROCKS - WHAT POTENTIAL RISKS DO WE SEE AHEAD OF US?

- [ ] Rock Example: We have a critical team member who is going on mat. leave in the coming weeks. We need to plan around that.

Summary:

Next Steps:

WRAP UP
